Race Cancellation and Postponement

21. Safety is the prime consideration for Race Management. The triggering condition for a Race Committee review will be wind forecasts predicting wind strength on the course above 18 knots, not including gusts (as at 16:00 the day prior). The BOM *District and Marine Forecast* shall be the primary source, however the Race Committee reserves the right to use other forecasts as it sees fit to as closely as possible determine the likely conditions locally on the day.
22. If, after taking into account all other factors such as wind direction, water and air temperature, the Race Committee deems conditions to be hazardous to the “average paddler”, it may decide to reschedule the race to a later date.
23. In the event of rescheduling, announcements will be posted on the PaddleNSW website, some social media pages, and via email notification (to the email provided on race entry) directly to all entrants by 16:00 on the day prior or as soon as possible thereafter.
24. Where a race is cancelled on the day of the event due to unforeseen circumstances, every effort will be made to reschedule the race to a later date, with entries transferred to that new date.
25. The Reserve Date for rescheduled events will be determined by the HR Committee in consultation with the Host Club and the PNSW Event Coordinator.

Compulsory Equipment

26. **All paddlers must wear a Level 50 or 50S non-inflatable lifejacket that conforms to Australian Standards.**
27. **One paddler of every Ski, Outrigger Canoe, Va’a or SUP must wear a leg leash at EVERY event.** Paddle leashes or use of both paddle leash and leg leash together are not permitted for Ski paddlers.
28. **All kayak paddlers are advised to wear a spray-skirt and use a paddle leash. Kayaks must have bulkheads and sealed compartments to provide buoyancy.**
29. **Paddlers must enter the water through an entry gate (two teardrop flags) where compulsory equipment and boat numbers will be checked.** Failure to enter through the designated entry gates will result in a DNS (Did Not Start) being applied.
30. **Equipment will be visually checked again as paddlers cross the finish line.**
31. **Non-compliance with conditions 26-28 and 30 above will result in instant disqualification (DSQ) from the race and possibly also from the remainder of the series (at the sole discretion of the PaddleNSW HR Committee).**
